

Browning Spec Ops Elite HP5 Ultra

The New Spec Ops Elite HP5 Ultra features high quality 46MP pictures. The invisible (Black Flash), adjustable power “Night Vision” IR illumination reaches out to 100 ft., thanks to the new RADIANT 5 Night Illumination Technology. This camera also features an incredible 1440p Full HD video processor, capable of producing stunning video footage @ 60 frames per second.

The Spec Ops Ultra features a 0.1–0.7 second adjustable trigger speed, ensuring that every split-second movement is captured in crystal clarity. Whether it's fast-moving game or subtle activity, this rapid response means nothing escapes the frame. Paired with RADIANT 5 Night Illumination Technology, you'll get the highest quality HDR night images, even in total darkness.

Durability and long battery life are critical in the field, and the Spec Ops Elite HP5 Ultra delivers on both. With industry-leading battery life powered by just 8 AA batteries, and compatibility with alkaline, rechargeable, and lithium options.

Model Number: BTC-8E-HP5U
